

YOUR FUNCTION AT WHEELER'S

Thank you for your enquiry and for thinking of Wheeler's for your special event.

Wheeler's Seafood Restaurant can cater for weddings, private cocktail functions, milestone celebrations, product launches and media events, community gatherings and corporate functions.

Also consider our newest addition, Wheeler's Oyster Bar. Perfect for social networking or informal gatherings with little fuss but all the sparkle!

Located in stunning coastal surrounds with Merimbula Lake in sight, our sheltered al fresco feel is a fantastic option for a destination event. We are not a conference centre or function venue – functions at Wheeler's receive the same dedication to detail, customer service and quality, that every dining experience enjoyed in our venue should.

It's not easy creating a large event to suit everyone, but our functions menu provides excellent options for all your guests including those who are vegan, vegetarian and gluten intolerant.

Invite your guests to indulge in canapes or platters as they socialise and mingle. Or sit down to a 2 or 3 course meal for something really special. We can accommodate a range of formal and informal gatherings at a variety of price points – let us find the perfect fit for you.

Our function packages will be catered to your needs. Our dedicated event management team will work with you on table configuration and styling to suit your occasion, and our experienced staff will be at your service to deliver an exceptional, delicious event!

We look forward to hosting you soon.
